

BULLETIN NUMBER GT602, 7 APRIL 1993

## Global System Manager V8.0 on Novell with NLM support

This reseller bulletin is to announce the release of two new configurations (5610 and 5611) of Global System Manager V8.0 (Novell NetWare 3.11 NLM).

In addition to the features and general enhancements included in System Manager V8.0 (MS-DOS) – see bulletin GT557 dated 22 September 1992) and System Manager V8.0 (Novell) – see bulletin GT564 dated 5 November 1992 System Manager V8.0 (Novell) also boasts the following additional features:

- Support for network configurations utilising the Novell SPX layer;
- Support for Novell NetWare 3.11 NLM;
- Inclusion of the SPX Remote Console facility (new facility for System Manager V7.0 and V8.0);

System Manager (Novell) is supported on the following versions of MS-DOS:-

Microsoft MS-DOS version 3.3  
Microsoft MS-DOS version 4.0.1  
Microsoft MS-DOS version 5.0.

These new configurations of System Manager (Novell) are only supported under NetWare version 3.11. Furthermore, System Manager is not supported on Novell NetWare 'lookalikes' (e.g. Banyan Vines). System Manager (Novell) is only supported on Microsoft Windows 3.1.

Please note:-

- Configuration notes 'C5610' should be ordered for more detailed information on exact configurations;
- The following new configurations volumes are available:-
  - 5610 – 5¼" high capacity (G1A) Novell NetWare NLM
  - 5611 – 3½" low capacity (B3B) Novell NetWare NLM
- Resellers should also be aware that the following configurations continue to be available for Novell NetWare 2.0:-
  - 5606 – 5¼" high capacity (G1A) Novell Netware (non-NLM)
  - 5607 – 3½" low capacity (B3B) Novell Netware (non-NLM)

Please note that configurations 5606 and 5607 will only be available until 31st December 1994 and will not be supported after 31st December 1995.

There is a special Novell accreditation scheme for resellers who wish to sell this software.

As configurations 5610 and 5611 are far more complex than other System Manager configurations, these are only available to resellers who are Novell authorised resellers and who have attended the 'Installing System Manager under Novell' course at Wexham Springs.

For further information about the Novell authorisation programme please contact:
