

BULLETIN NUMBER GT603, 16 APRIL 1993

Global 3000 version 4.1A sources now available

Following the release of Global 3000 version 4.1A last month, the sources are now available.

These sources are available to resellers who have signed a 'Global 3000 Source Contract' which defines the conditions under which sources are supplied. A Global 3000 Source Contract can be obtained from the City despatch department; please quote reference 'FGSA1291'.

The source is released in 11 separate parts. The attached document explains the detail of these 11 parts and the interfaces.

Details of version 4.1A sources

This document was distributed with Global Technical bulletin GT603 in April 1993.

WD GLOBAL 3000 DEBTORS LEDGER SOURCE

General Description

This is the source of the Global 3000 Debtors Ledger. A Global 3000 Source Agreement must be in place before this product can be generated. See section 10.4.3 of the handbook.

List price is £1,500 irrespective of number of screens. Reseller discount on end-user source sales is not applicable (i.e. 0%). Software for a reseller's own use must be ordered at end-user prices.

Description of version 4.1A

This is the source of version 4.1A of Debtors Ledger. To use it, the following must be installed:

- version 8.0 of Speedbase Development
- version 4.1A of Global 3000 Debtors Ledger
- version 4.1A of Global 3000 Product Maintenance.

The following four modules should also be used (the first two are essential, the other two are optional):

- version 4.1A of the Global 3000 Source Routines
- version 4.1A of the Global 3000 Development Tools
- version 4.1A of the Global 3000 Documentation
- version 4.1A of the Global 3000 Product Maintenance Source.

Documentation provided with this version is listed on the following lines:-

- for software order types S, D or M MWDNV4.1A (Debtors Ledger Source Notes V4.1A).
- for software order types S, D or M MWDZV4.1A (Debtors Ledger Source Zaps V4.1A).

WG GLOBAL 3000 GENERAL LEDGER SOURCE

General Description

This is the source of the Global 3000 General Ledger. A Global 3000 Source Agreement must be in place before this product can be generated. See section 10.4.3 of the handbook.

List price is £1,500 irrespective of number of screens. Reseller discount on end-user source sales is not applicable (i.e. 0%). Software for a reseller's own use must be ordered at end-user prices.

Description of version 4.1A

This is the source of version 4.1A of General Ledger. To use it, the following must be installed:

- version 8.0 of Speedbase Development
- version 4.1A of Global 3000 General Ledger
- version 4.1A of Global 3000 Product Maintenance.

The following four modules should also be used (the first two are essential, the other two are optional):

- version 4.1A of the Global 3000 Source Routines
- version 4.1A of the Global 3000 Development Tools
- version 4.1A of the Global 3000 Documentation
- version 4.1A of the Global 3000 Product Maintenance Source.

Documentation provided with this version is listed on the following lines:-

- for software order types S, D or M MWGNV4.1A (General Ledger Source Notes V4.1A).
- for software order types S, D or M MWGZV4.1A (General Ledger Source Zaps V4.1A).

WI GLOBAL 3000 STOCK CONTROL SOURCE

General Description

This is the source of Global 3000 Stock Control. A Global 3000 Source Agreement must be in place before this product can be generated. See section 10.4.3 of the handbook.

List price is £3,000 irrespective of number of screens. Reseller discount on end-user source sales is not applicable (i.e. 0%). Software for a reseller's own use must be ordered at end-user prices.

Description of version 4.1A

This is the source of version 4.1A of Stock Control ONLY; from version 4.1A onwards, Product Maintenance source is a separate module.

To use the source of Global 3000 Stock Control version 4.1A, the following must be installed:

- version 8.0 of Speedbase Development
- version 4.1A of Global 3000 Stock Control
- version 4.1A of Global 3000 Product Maintenance.

The following five modules should also be used (the first two are essential, the other three are optional):

- version 4.1A of the Global 3000 Source Routines
- version 4.1A of the Global 3000 Development Tools
- version 4.1A of the Global 3000 System Test
- version 4.1A of the Global 3000 Documentation
- version 4.1A of the Global 3000 Product Maintenance Source.

Documentation provided with this version is listed on the following lines:-

- for software order types S, D or M MWINV4.1A (Stock Control Source Notes V4.1A).
- for software order types S, D or M MWIZV4.1A (Stock Control Source Zaps V4.1A).

WJ GLOBAL 3000 SOURCE ROUTINES

General Description

This contains the sources which are shared by Global 3000 modules.

List price is £50 irrespective of number of screens. Reseller discount on end-user sales is 40%. Software for a reseller's own use is priced at £50 less 40% discount (ie £30).

Description of version 4.1A

This version should be used in conjunction with the Global 3000 sources version 4.1A. It contains common routines needed to use these sources. See section 10.4.3. This version can only be used with version 4.1A sources of:

- Global 3000 Sales Order Processing
- Global 3000 Purchase Order Processing
- Global 3000 Stock Control
- Global 3000 General Ledger
- Global 3000 Debtors Ledger
- Global 3000 Creditors Ledger
- Global 3000 Product Maintenance.

This requires:

- Version 4.1A of Global 3000 Development Tools
- Version 8.0 of Speedbase Development

Also, if you need to make changes to certain fundamental aspects of Global 3000 you will require:

- Version 6.2 of Global 2000 Cobol

Documentation provided with this version is listed on the following lines:-

- for software order types S, D or M MWJNV4.1A (Source Routines Notes V4.1A).

WM GLOBAL 3000 PRODUCT MAINTENANCE SOURCE

General Description

This contains the source of Global 3000 Product Maintenance.

List price is £50 irrespective of number of screens. Reseller discount on end-user source sales is 40%. Software for a reseller's own use is priced at £50 less 40% discount (i.e. £30).

Description of version 4.1A

This is the source of version 4.1A of Product Maintenance. To use it, the following must be installed:

- version 8.0 of Speedbase Development
- version 4.1A of Global 3000 Product Maintenance.

The following four modules should also be used (the first two are essential, the other two are optional):

- version 4.1A of the Global 3000 Source Routines
- version 4.1A of the Global 3000 Development Tools
- version 4.1A of the Global 3000 System Test
- version 4.1A of the Global 3000 Documentation

Documentation provided with this version is listed on the following lines:-

- for software order types S, D or M MWMNV4.1A (Product Maintenance Source Notes V4.1A).
- for software order types S, D or M MWMZV4.1A (Product Maintenance Source Zaps V4.1A).

WO GLOBAL 3000 PURCHASE ORDER PROCESSING SOURCE

General Description

This is the source of Global 3000 Purchase Order Processing. A Global 3000 Source Agreement must be in place before this product can be generated. See section 10.4.3 of the handbook.

List price is £3,000 irrespective of number of screens. Reseller discount on end-user source sales is not applicable (i.e. 0%). Software for a reseller's own use must be ordered at end-user prices.

Description of version 4.1A

This is the source of version 4.1A of POP. To use it, the following must be installed:

- version 8.0 of Speedbase Development
- version 4.1A of Global 3000 POP
- version 4.1A of Global 3000 Product Maintenance.

The following five modules should also be used (the first two are essential, the other three are optional):

- version 4.1A of the Global 3000 Source Routines
- version 4.1A of the Global 3000 Development Tools
- version 4.1A of the Global 3000 System Test
- version 4.1A of the Global 3000 Documentation
- version 4.1A of the Global 3000 Product Maintenance Source.

Documentation provided with this version is listed on the following lines:-

- for software order types S, D or M MWONV4.1A (Purchase Order P'g Source Notes V4.1A).
- for software order types S, D or M MWOZV4.1A (Purchase Order P'g Source Zaps V4.1A).

WP GLOBAL 3000 CREDITORS LEDGER SOURCE

General Description

This is the source of the Global 3000 Creditors Ledger. A Global 3000 Source Agreement must be in place before this product can be generated. See section 10.4.3 of the handbook.

List price is £1,500 irrespective of number of screens. Reseller discount on end-user source sales is not applicable (i.e. 0%). Software for a reseller's own use must be ordered at end-user prices.

Description of version 4.1A

This is the source of version 4.1A of Creditors Ledger. To use it, the following must be installed:

- version 8.0 of Speedbase Development
- version 4.1A of Global 3000 Creditors Ledger
- version 4.1A of Global 3000 Product Maintenance.

The following four modules should also be used (the first two are essential, the other two are optional):

- version 4.1A of the Global 3000 Source Routines
- version 4.1A of the Global 3000 Development Tools
- version 4.1A of the Global 3000 Documentation
- version 4.1A of the Global 3000 Product Maintenance Source.

Documentation provided with this version is listed on the following lines:-

- for software order types S, D or M MWPNV4.1A (Creditors Ledger Source Notes V4.1A).
- for software order types S, D or M MWPZV4.1A (Creditors Ledger Source Zaps V4.1A).

WQ GLOBAL 3000 SYSTEM TEST

General Description

This contains the data and record-playback files for the system test of the Global 3000 distribution suite. It also tests the Global 3000 Ledgers but only superficially as part of the distribution suite test.

List price is £50 irrespective of number of screens. Reseller discount on end-user sales is 40%. Software for a reseller's own use is priced at £50 less 40% discount (i.e. £30).

Description of version 4.1A

This version should be used in conjunction with the Global 3000 Distribution Suite sources. It contains system test sample data and record/playback scripts. This version can only be used with version 4.1A of:

- Global 3000 Sales Order Processing
- Global 3000 Purchase Order Processing
- Global 3000 Stock Control
- Global 3000 Product Maintenance.

Documentation provided with this version is listed on the following lines:-

- for software order types S, D or M MWQNV4.1A (System Test Notes V4.1A).

WS GLOBAL 3000 SALES ORDER PROCESSING SOURCE

General Description

This is the source of Global 3000 Sales Order Processing. A Global 3000 Source Agreement must be in place before this product can be generated. See section 10.4.3 of the handbook.

List price is £3,000 irrespective of number of screens. Reseller discount on end-user source sales is not applicable (i.e. 0%). Software for a reseller's own use must be ordered at end-user prices.

Description of version 4.1A

This is the source of version 4.1A of POP. To use it, the following must be installed:

- version 8.0 of Speedbase Development
- version 4.1A of Global 3000 POP
- version 4.1A of Global 3000 Product Maintenance.

The following five modules should also be used (the first two are essential, the other three are optional):

- version 4.1A of the Global 3000 Source Routines
- version 4.1A of the Global 3000 Development Tools
- version 4.1A of the Global 3000 System Test
- version 4.1A of the Global 3000 Documentation
- version 4.1A of the Global 3000 Product Maintenance Source.

Documentation provided with this version is listed on the following lines:-

- for software order types S, D or M MWSNV4.1A (Sales Order P'g Source Notes V4.1A).
- for software order types S, D or M MWSZV4.1A (Sales Order P'g Source Zaps V4.1A).

WW GLOBAL 3000 DOCUMENTATION

General Description

This contains the text of the manuals.

List price is £50 irrespective of number of screens. Reseller discount on end-user sales is 40%. Software for a reseller's own use is priced at £50 less 40% discount (i.e. £30).

Description of version 4.1A

This version should be used in conjunction with the Global 3000 It contains the manuals for:

- version 4.1A of Global 3000 Sales Order Processing
- version 4.1A of Global 3000 Purchase Order Processing
- version 4.1A of Global 3000 Stock Control
- version 4.1A of Global 3000 General Ledger
- version 4.1A of Global 3000 Debtors Ledger
- version 4.1A of Global 3000 Creditors Ledger.

The manuals are distributed in 'Wordperfect for Unix version 5.0' format and are provided on both O2 and G1 format diskettes irrespective of the configuration code specified on the order. The diskettes have been created using 'tar'.

Documentation provided with this version is listed on the following lines:-

- for software order types S, D or M MWWNV4.1A (Documentation Notes V4.1A).

General Description

This contains the programs to help compile the sources etc.

List price is £50 irrespective of number of screens. Reseller discount on end-user sales is 40%. Software for a reseller's own use is priced at £50 less 40% discount (i.e. £30).

Description of version 4.1A

This version should be used in conjunction with the Global 3000 sources. If and when version 4.1A of 'Upgrade from Global 2000' is produced, this may be used for that also; see bulletins for details. It contains tools needed to use these sources. See section 10.4.3 of the handbook. This version can only be used with version 4.1A sources of:

- Global 3000 Sales Order Processing
- Global 3000 Purchase Order Processing
- Global 3000 Stock Control
- Global 3000 General Ledger
- Global 3000 Debtors Ledger
- Global 3000 Creditors Ledger.

It works in conjunction with version 4.1A:

- Global 3000 Source Routines

This requires:

- Version 4.1A of Global 3000 Development Tools
- Version 8.0 of Speedbase Development

Also, if you need to make changes to certain fundamental aspects of Global 3000 you will require:

- Version 6.2 of Global 2000 Cobol

Documentation provided with this version is listed on the following lines:-

- for software order types S, D or M MWXNV4.1A (Development Tools Notes V4.1A).
