

BULLETIN NUMBER GT605, 26 APRIL 1993

Installing Global System Manager (Novell) course

We are pleased to announce the first 'Installing Global System Manager for Novell' course which will be held at our City office on Wednesday 5th May 1993.

The course is aimed at reseller installation and support staff and assumes knowledge of Global System Manager. The course is not intended to cover Novell software and hardware itself, although relevant utilities are included.

The course covers the following areas:

- NetWare Overview;
- Useful NetWare Utilities;
- System Manager Installation;
- Run Time Options;
- Special Features (including NLMs).

The fee for the course is £200 (less 40% reseller discount for advance payment) plus VAT per person.

Course places are limited, so please book as soon as possible. All bookings for this course should be made to Carol Terry on 0753 662444 (fax 0753 663899).
