## Extra training courses in May and June

### SYSTEM MANAGER OPERATIONS FOR TECHNICAL STAFF – 24TH–25TH MAY

The popular Operations course is now fully updated to V8.0 and covers System Manager utilities including file and volume maintenance, menu customisation, printer control files, System Manager customisation and Presentation Manager utilities.

### GLOBAL 3000 LEDGER OVERVIEW – 24TH MAY; GLOBAL 3000 DISTRIBUTION OVERVIEW – 25TH–26TH MAY

These intensive and comprehensive courses cover the latest version 4.1A release. Now is the time to get to grips with this sophisticated software.

### INSTALLING GLOBAL SYSTEM MANAGER (NOVELL) – 11TH JUNE

This course is aimed at reseller installation and support staff and whilst not covering Novell itself, relevant NetWare concepts and utilities are introduced.

This course will take place at our City offices and places are strictly limited, so please book as soon as possible.

For further information or to enquire on availability, please contact Carol Terry on 0753 662444.
