

BULLETIN NUMBER GT613, 25 MAY 1993

## Global 3000 and Unix training

In readiness for the planned Informix integration for Speedbase databases we are offering a range of courses to help reseller staff get up to speed as soon as possible.

### **SPEEDBASE/INFORMIX INTEGRATION – 18th JUNE**

This workshop covers the creation of Informix-compatible Speedbase databases and the subsequent use of Informix. Included is an introduction to Informix SQL, query language, forms and report creation as well as a look at Uniplex spreadsheet integration. Examples are given using the standard Global 3000 software.

### **GLOBAL 3000 ACCOUNTING MODULES – 21st JULY GLOBAL 3000 DISTRIBUTION MODULES – 22nd–23rd JULY**

These intensive courses cover the latest release 4.1A of Global 3000.

### **SPEEDBASE DEVELOPMENT – 14th – 17th JUNE**

As well as covering all aspects of Speedbase development, this course now includes creation of Informix-compatible databases.

### **INTRODUCTION TO UNIX – 21st JUNE**

A good, straightforward, but comprehensive introduction to Unix.

### **SHELL SCRIPTS – 22nd JUNE**

A more in-depth course on Unix for those who wish to write shell scripts.

### **INSTALLING GSM (UNIX) – 23rd JUNE**

As well as covering the theory and practise of installing and maintaining GSM (Unix) the course now includes creation of Informix-compatible Speedbase databases.

We are pleased to enclose our latest Global training schedule. If you have a need for a course not currently scheduled, please let us know – we intend to run extra courses as and when required. For further information, please contact Carol Terry on 0753 662444.
