Extra "Installing Global System Manager On Novell" Course

Due to public demand we are pleased to announce an extra course on Installing Global System Manager on NOVELL running on 20th August at our new training centre at Bourne End.

The course covers the following topics:–

> NetWare Overview
> Useful NetWare Utilities
> System Manager Installation
> Runtime Options
> Special Features (including NLMs)

The course is not intended to cover Novell itself, although relevant utilities are included.

Places are very limited so please phone our course registrar Carol Terry on 0628 532565 to book your place now.

Also running in August

Reporter	9th – 10th
Payroll	13th
Operations for Technical Staff	16th– 17th
Global 2000 Nominal Ledger	19th– 20th
Speedbase	23rd– 26th

Course dates for September to December will be available shortly.
