Support Quality Questionnaire

Please send to Martin Procter at
TIS Software Ltd by 21st January
1994

This questionnaire is primarily aimed at discovering our customers' views on the reseller support operation at TIS Software's City office. We are not asking explicitly, at this stage, for comments on development, software production, sales support (as provided by our Bourne End office) or other functions; however, if you do wish to make some points on those areas, please feel free to do so. The points will be passed on to the managers of the relevant areas.

If you have no views on a particular topic, for example because you have not used the service enough to formulate a view, please tick the top box (0).
