

Global Training Schedule

We are pleased to enclose the latest Global Training Course schedule for April and May.

Courses include:

V4.2 Global 3000 Accounts Modules for reseller staff

This updated intensive one-day course now covers Cash Manager in addition to General, Creditors and Debtors ledgers. As well as introducing the standard features, the course focuses on set-up including system parameters, database allocation and General Ledger statement definition.

V4.2 Global 3000 Distribution Modules for reseller staff

This comprehensive two-day course now covers pricing and discounts, integration and database allocation in addition to the standard features of Stock, POP and SOP.

The two courses above are designed to help reseller staff get to grips with the software in as short a time as possible.

Please book courses by filling in the attached booking form and return with a cheque for the full amount (don't forget to subtract **40% discount for reseller training discount** and add VAT) to Global Training Dept, TIS Software Ltd, Regatta Place, Marlow Road, Bourne End, Bucks SL8 5TD.
