

# **TECHNICAL BULLETIN FROM GLOBAL BUSINESS SYSTEMS**

**BULLETIN NUMBER GT719, 15 NOVEMBER 1994**

## **Global 3000 Asset Register V4.2 now available**

### **INTRODUCTION**

Global 3000 Asset Register V4.2 is now available. This is an addition to the range of Global 3000 modules which comprises Creditors Ledger, Debtors Ledger, General Ledger, Stock Control, Sales Order Processing, Purchase Order Processing and Cash Manager.

### **FEATURES**

Global 3000 Asset Register allows the location, value and depreciation of a company's assets to be recorded and reported upon. It optionally interfaces to Global 3000 General Ledger V4.2.

Other features include:

- Depreciation by units of use (e.g. mileage)
- Multiple analysis codes and user-defined fields
- Leased asset handling
- Budgets for capital expenditure
- Mothballing of assets
- Depreciation calculations for book value and tax value of an asset.

Details of all functions were described in the API AZAV4.2U0 distributed last year.

### **PRICING**

Asset Register V4.2 is priced the same as the Global 3000 ledgers:-

1 user	£500
2 – 3 screens	£890
4 – 7 screens	£1,390
8 – 12 screens	£1,890
13 – 24 screens	£2,390
25 – 39 screens	£3,090
40 – 59 screens	£3,990
60 – 99 screens	£4,990

Please use product code ZA when completing the software order form.

## **DOCUMENTATION**

A new manual, code MZAMV4.2 is being produced for this release and will be distributed automatically with every purchase of the software.

## **SOURCES**

The Asset Register sources are scheduled for release in mid-December. The Asset Register source is subject to the Global 3000 source contract as described in section 9.3.2 of the reseller handbook.
