

***TECHNICAL BULLETIN FROM GLOBAL BUSINESS  
SYSTEMS***

**BULLETIN NUMBER GT720, 16 NOVEMBER 1994**

**Global System Manager  
Windows Option feedback**

The evaluation period for the GSM Windows option (aka GUI interface) is coming to an end. A phase of bug-fixing and suggestion implementation is now taking place.

Could all resellers who have evaluated the software please fax details of all bugs and suggestions for improvements to Alan Underwood (on 0171 831 2116) as soon as possible.
