**BULLETIN NUMBER GT761, 14 JUNE 1995**

## **Availability of Global Record Layouts 2.0M**

Following the release of Global Payroll version 6.3, we are pleased to announce the release of the following module:

**Global Record Layouts 2.0M**

This replaces Record Layouts version 2.0L and has been updated with Global Payroll version 6.3 record layouts and Global Reporter reports. An A4 format set of Global Record Layouts Notes version 2.0M (MRLNV2.0M) is supplied with this module.

The default version of Record Layouts changes from today. The previous version is no longer available. The previous version will be supported until the end of the month.
