**BULLETIN NUMBER GT793, 11 APRIL 1996**

## **Autozap Run 7061**

This is a monthly run of autozaps which contains all zaps since run 7060.

Recovery programs PRR1 and PRR2 have been created for PR-6.4-02 and a copy is included on the autozap diskette. Please refer to the zap description for further details.

### **AUTOZAPS**

Please note that this autozap run contains zaps for V4.2F of the Global 3000 enhancement stream. It is recommended that the Global 3000 zaps are created on a module by module basis to avoid the possibility of updating the Global 3000 V4.2 program libraries with programs for a later version of the software.

### **GLOBAL 3000 SOURCES**

The source code master diskettes for the Global 3000 applications have recently been revised to include only the most recent version of each source. This will continue on a monthly basis in line with Autozaps.
