Global (NT) Training Courses

We are pleased to announce the first Global (NT) training course on 11th March. The course covers the information required to install and support Global System Manager on Windows NT. Although some of the Windows NT basics are covered it is recommended that delegates also attend the normal standard Windows NT training courses. Similarly, a familiarity with Global System Manager concepts and commands will be assumed.

The main topics include:

    Windows NT concepts
    Networking concepts
    Installing Global System Manager
    Printing
    Customising the GUI interface

The course starts at 9.30 am finishing at approximately 5.00 pm with the usual buffet lunch. The course fee is £200 plus VAT.

Please note that the course is compulsory for those resellers staff installing Global System Manager on Windows NT.
