BULLETIN NUMBER GT826, 27 FEBRUARY 1997

## **Payroll changes for April 1997**

This bulletin covers the changes that are scheduled to Payroll version 6.4 for release during March. After reseller consultation, the policy of releasing a new version of Payroll coinciding with the new tax year has been changed for the coming year.

Legislative changes required for April 1997 will be issued as repackages to Payroll 6.4 under the Autozap system. A new version of Payroll will be considered for release later in the year.

### **CONTENTS OF APRIL CHANGES**

<b>Project Summary</b>	<b>Project No Bulletin No</b>	<b>Release Date Version/Strea m</b>
<b>Payroll End of Year changes 96/7.</b> The requirement is to enhance the Global Payroll V6.4 DSS submissions file so that it can support the employer NI holiday (ENH) and NI Class 1A schemes. These changes are required before the end of the current tax year (1996/7).	96245	13/03/97
<b>Changes to Payroll for Pensions Act 1995.</b> The enhancement affects Global Payroll. It incorporates changes brought into effect by the Pensions Act of 1995. This act changed the way in which certain contracted-out NIC's are calculated, recorded and reported. A different employer's rebate is allowed for Contracted Out Salary Related pension schemes (COSRS) and for Contracted Out Money Purchase schemes (COMPS).	97038	13/03/97
<b>Payroll Rates file changes for April 97.</b> This enhancement affects Global Payroll. It incorporates the Tax, National insurance, SSP and SMP rate changes for the new tax year.	97039	13/03/97

### **APPLYING THE CHANGES**

The above changes will be issued as independent repackages via Autozaps. All changes must be applied before 5th April 1997. Details of the Rates file changes will also be noted in the release bulletin.
