TECHNICAL BULLETIN FROM GLOBAL BUSINESS SYSTEMS

BULLETIN NUMBER GT910, 27 JULY 2000

Beta-test version of GX now available

The beta-test version of the Global GX front-end (codename GUI-2) is now available as a download from the Global Web-site.

Please read the notes supplied with the beta-test software for full details of the installation, operation and functionality. As explained in the GX beta-test notes a version of GSM (Windows) V8.1l will be required to evaluate this software.

If you have any queries regarding the above information please contact Alan Underwood (alan@tissoft.co.uk) at the City office.
